About Me

Hello! You can call me Zamam (Injamamul Hak). I adore producing content for the internet. My journey into web development began when I started experimenting with Photoshop in 2020, which eventually led me to explore programming languages like C++, Python, and Java during my university studies. This sparked my passion for web development, and I decided to pursue it as my career.

Career Objectives

I am a Computer Science graduate with a penchant for design. I am passionate about enhancing user experience and maximizing user interface.
